Dear City Council Member's;

The Mat-Su RC&D has had the pleasure of working with Mr. Roger Purcell both as a member of our Executive Committee and as President of the Houston Chamber of Commerce on various projects.

We believe Mr. Purcell possesses the talents, passion and desire to lead Houston into the future.

We appreciate and realize we have no official voice in your decision. However as a leader in the Economic Development of the Mat-Su Borough, the Mat-Su RC&D Executive Committee believes it is our responsibility to support our partners.

We look forward to our continued partnership with the city of Houston and hope that you consider this letter as our support of Mr. Roger Purcell.

Sincerely,

Marty Metiva
