Neta Mills

July 14, 1988

1. I did file a grievance. I do not feel Ms. Mills is a impartial council member and would give a fair and impartial decision on any matter that concerns me.

?  
1. Ms. Mills will have to be more specific on what the hearsay is before I can respond.

?  
3. This letter was not on city stationary or Police Department stationary nor did it have and title signed to this letter. As a citizen of the U.S. and the State of Alaska. If I do not like the service I received I do have a right to complain and voice my opinion. This is the First Amendment. Because I work for the City does not mean that I do not have rights.

4. There was more than one vehicle talked about and the last statement was: "Make sure you have good probable cause before stopping any vehicle." which is a long way from smelling any alcohol on the breath. Ms. Mills was never used for throwing her on the ground. Who ever told Ms. Mills is trying to use her to their advantage when they were telling her this statement.

*never  
remember this  
statement*

*call  
her*  
? I lived in Hoonah for over a year. During this time, I have not drawn my gun on anyone in this town. Nor have I hit anyone with my nightstick or have I beat up anyone with excessive force. But what I have done in work with the Volunteer Ambulance Service to increase the level of first responders to save lives. Help to get an ambulance for our community. Went into bay after a suicide person who jumped off the float dock. This is a long way from hurting anyone.

← If anyone wants to contact my past employers, be my guest, because I left on a good standing and do not have to hide this fact.

I also received a letter from Mr. Benet apologizing for Ms. Mills action.
