Dear Mr. Pinard:

The Alaska Police Standards Council met and discussed the recommendation by former Chief Gerald Mayada for the decertification of Donald W. Bolton, Jr., a former employee of the Hoonah Department of Public Safety.

After consideration of the facts in this case, and a legal evaluation by the Attorney General's Office it was the unanimous decision of the Council not to proceed with an action to decertify Mr. Bolton.

If you have any questions, please contact me.

Sincerely,

Jack W. Wray
Executive Director
